Dear Ms. Grubaugh-Littig:

As discussed in our recent telephone conversation we are submitting the following information for the annual report required by your department.

The only mining activities we are involved in are at the MiVida mine. Rio Algom Corporation has submitted reports to us indicating that through December 31, 1983 they have mined 12,288 tons of ore.

They are mining in blocked out areas and as a result as of December 31, 1984 there have been no new disturbances on site.

Thank you for your assistance.

Very truly yours,

MINERALS WEST, INC.
